

## New Product Introduction Project Manager

Would you like to make a valuable contribution to the health of patients? And do something really meaningful on your own responsibility? Then we look forward to hearing from you! Excellence beyond manufacturing - that's what we stand for as Aenova, one of the world's leading contract manufacturers and developers for the pharmaceutical industry with 4,000 employees at 15 sites. Our site in Latina is a competence center for sterile production and antibiotics.

### Your key responsibilities

- Take part to the Quotation Management weekly meetings and arrange regular meetings to provide data (regarding new products and projects) to process costs and prices meeting RFQ deadlines.
- Issue the project's changes and evaluate, together with the relevant functions, the impacts on products, procedures, and documentation.
- Arrange kick-off and regular meetings with Customer and team during the project.
- Prepare TPP/DPP (Transfer Project Plan/Development Project Plan), identifying issues and deliverables.
- Daily management and tracking of project activity through the WBS (project activity list).
- Guide risk analysis sessions ensuring that all the risks associated to the project are tracked into the Risk Management Plan (RMP).
- Issuing and managing project management tools, assuring their correct use from the project team members.
- Project KPIs tracking and update of the weekly and monthly reports to share with the leadership and management team on a regular basis.

### Your profile

- MSc in scientific subjects, engineering or similar (chemistry, pharmaceutical chemistry, biotechnology or similar).
- At least 4 years of experience within a GMP manufacturing facility, good knowledge of technical aspects of pharmaceutical industry and CMO manufacturing processes.
- Experience with sterile manufacturing is preferred.
- Experience in Project Management as leader of cross-functional teams and target oriented.
- PMP/PRINCE2 or similar certifications are considered a plus.
- Knowledge of "ICH Q8 Pharmaceutical Development".
- Excellent knowledge of SAP systems.
- Basic knowledge of Financial KPI.
- Proficient English and Italian (speaking, reading, writing).

### Your motivation

Are you looking for new challenges in a highly competitive environment? And you want to tackle them creatively and on your own responsibility? Do you prefer a "get-it-done" culture and think in terms of solutions rather than problems? What are you waiting for? We would be happy to explain our corporate benefits in a personal conversation!
