

MS&T Project Manager (f/m/d)

for the site Carugate MI, Italy

Would you like to make a valuable contribution to the health of patients? And do something really meaningful on your own responsibility? Then we look forward to hearing from you! Excellence beyond manufacturing - that's what we stand for as Aenova, one of the world's leading contract manufacturers and developers for the pharmaceutical industry with 4,000 employees at 15 sites. Our site in Carugate is a competence center for semisolids, these include creams and gels.

Your key responsibilities

- Coordinate new product transfer activities within the site and across functions
- Optimize existing manufacturing and analytical processes, including adjustments related to API or excipient changes
- Align internal stakeholders (Production, Purchasing, Analytics, Development, etc.) around project objectives and timelines
- Prioritize and manage multiple projects, including resource allocation, budgeting, and progress tracking
- Evaluate new product introductions from a technical and operational feasibility standpoint
- Lead and support technology transfer and site-to-site transfer projects
- Interface with internal and external partners, including corporate MS&T, customers, and cross-functional project teams
- Contribute to scale-up and process improvement initiatives, ensuring robust, efficient, and compliant manufacturing processes

Your profile

- University degree in Engineering, Pharmaceutical Technology, Chemistry, Bioprocessing, or a related technical field
- Minimum 3-5 years of hands-on experience in technology transfer
- Hands-on experience in process optimization, tech transfer, and scale-up and solid understanding of analytical, technical, and regulatory requirements
- End-to-end management experience of tech transfer projects
- Proven project management experience in a pharmaceutical manufacturing or MS&T environment
- Strong technical and process understanding, ideally in the production of non-sterile liquids and semi-solid dosage forms (e.g., creams, gels)
- Fluent English skills, both spoken and written, for communication with international partners and customers
- Strong communication, coordination, and problem-solving skills with a structured, pragmatic, and proactive work style
- People management experience is an advantage but not mandatory

Please note: All applications must be submitted in English.

Your motivation

Are you looking for new challenges in a highly competitive environment? And you want to tackle them creatively and on your own responsibility? Do you prefer a "get-it-done" culture and think in terms of solutions rather than problems? What are you waiting for? We would be happy to explain our corporate benefits in a personal conversation!
